

# Summer • Spa • Solstice

*Solstice comes from the Latin words Sol, meaning Sun and Sistere, meaning to come to a stop or Stand Still. On the day of June Solstice, the Sun does not move north or south as during most other days of the year, but it stands still. Summer Solstice is associated with change, earth, femininity, Yin, and new beginnings.*

*The Wellness Spa is celebrating solstice all summer long with treatments that let you take time to be still, rest, reconnect with our earth and regenerate from head to toe.*

## ***Earth Minerals Facial***

Our unique Algae Seed Collagen Mask is made from 100% natural raw materials to help prevent premature aging, relieve swelling from stress and sun, and improve overall condition of your skin. Enjoy all the spa facial essentials complimented with steam, exfoliation, enzyme mask and calming gemstone facial massage, including shea butter hand and foot massage. This facial will calm your spirit while regenerating your skin. 75 minutes - \$110

## ***Regenerating Massage***

Rest and relax with a full body massage while you rejuvenate with our Seaweed Mud Masque applied to your back. As your back-mask sets, enjoy a leg and foot massage using black obsidian stone believed to reconnect you to earth with 'grounding' root chakra effects. Continue your regenerating journey with a massage of your arms and hands before completing this deeply relaxing treatment with our Aromatherapy Face Massage. 75 minutes - \$115

## ***Yin Pedicure***

Revitalizing foot soak and scrub, followed by professional nail care to smooth soles and clean cuticles. Then lie back and rest with a lengthy massage of your lower legs and feet adding our Rose Quartz massage stone, used to calm your spirit and open your heart while relieving muscles and aching feet. Continue to rest while we wrap your feet in our Marine Mud mask before completing this uniquely calming pedicure with the OPI nail color of your choice. Includes Moisturizing Hand Indulgence treatment. 75 minutes - \$75
